This spacious two-level home combines 1980s beach vibes with family comfort, offering the perfect retreat for those seeking a relaxed seaside escape. Upstairs you will discover inviting open living spaces, abundant with natural light, the polished timber floors and cozy fireplace add to the warm and welcoming atmosphere. The kitchen boasts a servery style window that flows onto the expansive deck, where ocean glimpses provide a stunning backdrop for entertaining. Three bedrooms can be found on the upper level, two with built-in robes and all have individual access to the sunny front verandah. The main bedroom is large enough to create a beautiful space for a parents retreat. Downstairs, two additional bedrooms offer ample accommodation, while a versatile rumpus room would make an ideal office. The games area is another great living space and opens onto a second deck that leads to the sprawling backyard beyond. With a great size double garage featuring new roller doors (installed in 2023) and plenty of side access for storing your boat or caravan, this home is perfectly equipped for coastal living. With the pristine Kirbys Beach just 250m away, your slice of paradise awaits. Don't miss out on the opportunity to make this your forever home in Berrara.
