Step into the charm of the fifties with this weatherboard beauty on a generous 416 sqm (approx.) allotment in one of Castlemaine's most coveted locations. This lovingly cared for home has been transformed into a stylish and comfortable retreat that's simply irresistible. Vintage enthusiasts will be smitten by the corner windows, warm timber floors and the retained fireplaces that exude nostalgia. As you step through the wide entrance hall, you'll discover two robed bedrooms, perfectly situated near the beautifully renovated bathroom featuring a wall-to-wall shower and wide terrazzo style tiles. Cosy up in the inviting lounge room where the original fireplace is set to radiate its warmth in the cooler months. Split system heating and cooling otherwise offers easy year-round comfort. The kitchen is likewise stylish, boasting v. joint cabinetry with sleek black hardware and a 900mm SMEG gas electric stove. The exposed brick chimney here pays homage to the home's heritage, adding a touch of character and warmth. From the adjoining dining room, French doors lead to the outdoor alfresco deck, creating an inviting space for gatherings. This elevated oasis is surrounded by lush foliage and features vines trellised overhead, offering dappled shade during the summer months. The Coreten banisters bring yet more style to this serene outdoor retreat. Additionally, the carport and long side driveway provide convenient off-street parking options. The very best Castlemaine lifestyle is assured here with the address moments from the Castlemaine Botanical Gardens and Mill complex, a stone's throw to Castlemaine Secondary College, North School, Golf Course and Kaweka Sanctuary wild-flower park.
