What a wonderful find is this 3 bedroom hi set home that is positioned on a 921m<sup>2</sup> block that faces onto extensive parkland. Upstairs there is a well appointed home with an open plan living area opening onto a front patio that will be a perfect place to enjoy a quiet moment at the end of the day. The 3 bedrooms are a good size and the toilet is separate from the bathroom as an added bonus. Downstairs there are 2 utility rooms that would make a perfect teenagers retreat and a rumpus room that would make an ideal media or gaming room. There is also a huge laundry a section of which could easily be converted into a second bathroom and toilet. If outside living is what you enjoy the huge roofed patio will thrill you. There is a huge yard which will easily fit a pool and a huge shed. Add to this air conditioning, security screens, full fencing and beautiful gardens. This could be your new home.
