Designed by Hayball, 81 A'Beckett Street delivers the grandeur and elegance expected of an award-winning Australasian architectural practice, while creating spaces that are comfortable and feel good to live in. This balance between aesthetics and amenity is reflected in the neighbouring area, which includes such Melbourne landmarks as the Queen Victoria Market, Flagstaff Gardens, Melbourne Central SC, and Carlton Gardens. A spacious and well-balanced floor plan encompasses a versatile lounge & dining domain, separate living zone, open-concept kitchen, and balcony - all washed over by morning sun. This property's east-facing orientation is further enhanced by floor-to-ceiling windows. Functional elements include stainless-steel appliances, in-built dining room seating, BIR in both bedrooms, and floor-to-ceiling bathroom tiling. Building amenities include gym, spa, sauna, yoga room, indoor swimming pool, sundeck, dining room, theatre, and library.
