IMMACULATE TWO BEDROOM UNIT WITH VIEWS

This quality unit is situated in the popular Town Centre building on the third floor and boasts some pretty impressive views over the lake towards the city skyline. This home features a great kitchen with plenty of cupboards, quality appliances and stone benches. The main bedroom has a walk-in-robe and lovely ensuite. The property comes fully furnished so all you have to do is pack your clothes and move straight in.

Cars are taken care of with side by side parking for two in a secure car park.

With only 38 units in the building it is pretty tightly held and units are usually snapped up in no time so don't delay your inspection.
