Enjoying spectacular views spanning mountain ranges and Melbourne's iconic cityscape, this easy-living gem offers modern style and sun-soaked serenity among a lively Airport West neighbourhood. Ideal as a first home, yield investment, or low-maintenance base between the airport and CBD, a pristine interior features a range of tasteful tones and upscale appointments. With an abundance of glass attracting wonderful coverage of natural light, a combined living/dining area adjoins an enthusiast's kitchen, with a Smeg oven, dishwasher, and gas top joined by a stone benchtop and mirrored splashback. An expansive, wraparound terrace serves as the focal point of a superb plan, with sensational outlooks enlivening cloudless afternoons and summer evenings with friends. An on-trend bathroom and built-in robes serve a generous bedroom, while further highlights include wide-board oak floors, reverse-cycle heating/cooling, a European laundry, video intercom, and garage space with cage. A matter of moments from the shopping, dining, and lifestyle attractions of Westfield Airport West, Essendon Fields (with LaManna Supermarket), Keilor Road, and DFO, with 59 trams and the Tullamarine Freeway affording quick access to the city centre.
