Evoking the feel of a sophisticated, state-of-the-art penthouse with stunning urban panoramas all around, this eye-catching, two bedroom apartment is one of only four sharing the top floor of this boutique block within metres of Camberwell Junction. Generously scaled and filled with natural light, the apartment spills outdoors to a vast north-facing terrace and its promise of memorable home entertaining. Angular in design and spectacular in its scope, the kitchen / dining / living is organised around stone benches and appointed with premium stainless steel appliances, all while enjoying a seamless transition to the terrace. Each of the bedrooms has been appointed with mirrored built-in robes - the main bedroom also with a fully-tiled ensuite and private access to the balcony - plus there is secure video entry, basement parking, Oak style flooring, plenty of storage, split system heating and air conditioning as well as a lavish communal BBQ area. Walk easily to some wonderful local cafes and the charms of Auburn Village, while the dining, shopping and even cinemas of Camberwell Junction are first class, plus you have some terrific bars and Glenferrie Road just moments away, all well serviced by multiple tram routes and city-bound trains via Auburn Railway Station.
