\$790,000

Located in the quiet farming community of Riverslea is this lifestyle property with a charming federation style residence that takes in the lovely views of the local landscape. Set on approximately 0.8 of a hectare or two acres this property is an ideal block for the buyer looking for a bit of space. The residence is full of the features you would expect in a federation style home, with its cathedral ceilings, timber dado's, brick feature walls and a lovely north facing verandah that looks out to the mountain ranges. The floorplan consists of three bedrooms and two bathrooms, with two living zones and a study nook. The natural timbers throughout, flow beautifully with the colour palate creating a feeling of warmth and character. The property is divided into three paddocks, perfect for horses or a few head of cattle with the land being irrigated from the underground bore keeping the pasture green all year round. Water tanks keep the water flowing to the home with an abundance of roof catchment. The shedding is well taken care of with 190m² of available space for all your equipment. This property is an ideal property for tradesman or collector of vehicles, as there is so much shedding!
