A masterplanned community located in the heart of the Bankstown commercial precinct. Defined by its diversity, Bankstown is like nowhere else in Sydney. Here you are welcomed, encouraged and included. Young couples can aspire, families can grow and individuals can belong. Spring Square is giving new life to Bankstown, embracing its culture and unearthing a new way to live, work and play in this vibrant precinct. This new masterplan has been inspired by vertical communities around the globe, tailored to uplift Bankstown, enlivening its people and their lifestyle. This exciting new precinct is brought to you by leading international developer Poly Australia – a team of highly innovative and strategic thinkers with a focus on creating more socially sustainable communities that aren't just places to live, but places to thrive. A connected neighbourhood. Exclusively for its residents, Spring Square's communal spaces and walkways have been designed for both connectivity and recreation. A variety of different areas have been created across multiple levels – here you'll find open green lawns, a children's playground and plenty of shaded seating. The through-site link steps form the spine that gives you access to both sides of the precinct and connects you to the wider community. These steps are the landmark for Spring Square, an iconic spot where people can meet and socialise. Outdoor alfresco dining, small cafes and bars casually spill into the outdoor areas on ground level and the podium. This is where the social buzz of Spring Square can be found. Inspired by the multitude of cultures here, as you walk through Eat Street, the aromas of a wok-tossed stir fry dance with those of roasted Middle Eastern spices.
