Positioned on the top floor, this brand new two bedroom apartment offers a beautifully designed interior that seamlessly blends contemporary architecture with coastal charm. The open plan layout creates a spacious, airy feel, and is complimented by 36m² of deck, providing generous additional living space, with a northern outlook of the surrounding area, and eastern views to the Harbour & Muttonbird Island. Stone benchtops & Bosch appliances feature in the well-appointed kitchen. The master bedroom includes a walk-in robe & en-suite, whilst the second bedroom is adjacent to a guest bathroom. Designed with only three units per floor, the property is completed with air conditioning, security access & parking, and a lift to your front door. Just weeks away from completion, "Orlando lane" apartments offer the coastal lifestyle you've dreamt of, with the harbour, beaches, shops & cafes on your doorstep.
