Perfectly situated in the hamlet of Baudin Beach, this level and cleared 900 (approx) square metre building allotment is set back from the road and well protected by dense KI scrub. With good quality colourbond fencing on two sides and a small storage shed, all that is needed is your new home or, subject to Planning Consent, build two cottages to potentially double your BnB income. Baudin Beach is just a 10 minute drive to the town of Penneshaw and the ferry to the mainland.
