This is well worth a look, central west location with a huge block, tastefully decorated internally. Three bedrooms, one-bathroom, huge kitchen as well as a second toilet. This type of property will suit many buyers, first home buyers, downsizer, developer, a family, or someone wanting room and access to install a large garage. Close walking distance to shopping centres, public transport, many schools, walking tracks and the impressive indoor sporting pavilion. Similar properties do not last long in this market, reward yourself.
