Designed with the equine enthusiast in mind, this property seamlessly blends luxury living with top-tier equine facilities, offering an exceptional opportunity for both personal enjoyment and business ventures. The centrepiece of this magnificent estate is a superb executive-style modern Queenslander, constructed in 1993. Nestled in an extremely quiet and picturesque setting, this home is just a short ten-minute drive from a wide array of services, ensuring you enjoy the best of both worlds—tranquil seclusion and convenient accessibility. As you step into this beautifully appointed home, you are greeted by a large, elegant white kitchen. This culinary haven features stone benchtops and a spacious walk-in pantry, perfect for the discerning home chef. The kitchen seamlessly flows into the formal dining area, creating an ideal space for entertaining. The home boasts four queen-sized bedrooms, each equipped with built-in robes, while the master suite features a luxurious walk-in robe and an ensuite bathroom. The main bathroom is thoughtfully designed with a separate toilet to accommodate the needs of a busy household. The living spaces in this home are nothing short of impressive. A large formal lounge, adorned with 9-foot ceilings, opens up to an entertainer's deck overlooking a sparkling pool, setting the stage for unforgettable gatherings with family and friends. The home is fully insulated, with ducted air-conditioning throughout, and an additional reverse cycle split system air-conditioner in the master bedroom, ensuring year-round comfort. For those cooler evenings, a slow combustion wood heater adds a cosy touch, while ceiling fans provide additional comfort. Elevated wrap-around verandas on two sides of the house offer stunning views of the surrounding landscape, inviting you to relax and take in the beauty of your surroundings. An internal laundry adds convenience, and the entire home has been freshly painted with new carpets and flooring, enhancing its modern appeal. The property also includes a two-car Colourbond garage equipped with power and lights, and a dog-fenced house yard ensures the safety of your furry friends. With three rainwater tanks servicing the house and garage, water supply is plentiful. Additionally, a 15kW solar system contributes to the property's sustainability. The meticulously landscaped gardens are designed for easy care, adding both beauty and privacy to the home. Ten strategically placed water outlets, utilising abundant bore water, make garden maintenance a breeze. Beyond the main residence, the property's equine facilities are truly exceptional. Nine well-fenced paddocks, each with its own water supply, are laid out with wide laneways for easy access and management. The equestrian amenities include two 20m x 20m steel foaling yards with rubber-lined stables, a massive 20m x 15m industrial-style shed with lighting, power, and three-phase power and eight safe, steel rubber-lined stables with individual water supplies. For those dedicated to training and preparing horses, there is a multi-tie up lit prepping and tack-up area, a wash bay, and a 60m x 20m professional Equestrian Land Developments (ELD) dressage arena. The equine facilities extend to an enclosed tack room with power, a workshop, and an 800m equine training track, providing comprehensive support for all your equestrian activities. Security and convenience are paramount, with an electronic entry gate at the main entrance and dual separate entries from the road. A large rear paddock, ideal for cattle, further enhances the property's versatility. Water resources are abundant with a potable bore serving the gardens and stock, ensuring your livestock and landscaping needs are always met. Situated on a sealed road, this property offers the perfect balance of peace and accessibility.
