The discreet and very low upkeep facade of this 2019 established property conceals plenty of surprises for a host of buyers including first time buyers to families, empty nesters, and investors. Beyond the front door is a lovely, well-designed home and behind the wide side gated access is a spacious, sunny aspect, virtual blank canvas backyard ready for the workshop, caravan/boat bay, swing set and more. Even the double garage is extra high, wide, and long, making it ideal for four-wheel drives and the like. The home has easy to live with neutral decor and a sweeping entry hall to an open plan media or family room, contemporary master suite, with a walk-in robe and stylish ensuite, and the garage. Enjoying a warm, natural light-filled aspect, the open high ceiling kitchen, dining and living area, and the adjoining alfresco, present a delightful area to entertain, unwind and/or try out some new recipes. The integrated dishwasher and 900mm gas cooktop oven should make light of any kitchen chores, and there is ample storage. The remaining wing is just as functional and modern, with built-in robes in the bedrooms and laundry near the in-vogue main bathroom.
