We all know the housing market is tough so it's even more important that you check out this 3 bedroom home on a high growth suburb set on a huge 819sqm block plus it has a great workshop/shed. This brick and tile home is ready for you to move in. The big back yard has a brilliant patio area ideal for relaxing under on a warm day and there is loads of space to move around or kick a ball. The property is connected to gas for heating and has a split system air conditioner in the master bedroom. The 6 mtr x 6 mtr workshop is solid metal construction on a concrete pad and is connected to mains power. This is an ideal way to secure your home and at an affordable price it is time. Make sure you contact Rob and arrange your viewing.
