\$599,000

Positioned so conveniently between the North Store and the Hicksborough General store, this gorgeous home has a fairy tale vibe. The large living zone features a gas heater and leads out to a large undercover verandah, such a beautiful space that overlooks the garden and is ideal for outdoor relaxation. The home also boasts plenty of storage and a four (!!!) reverse cycle split system making it so comfortable all year round. The presence of veggie patches, 6.6kw solar panels and a shed adds to its appeal and sustainability.
