Immerse yourself in modern luxury with this stunning Grandview design home. The grand double door entry sets the tone for impressive living as you step into a light and bright space thanks to high ceilings and LED lighting throughout. Split system air conditioning ensures year-round temperature control, while low-maintenance timber look flooring flows seamlessly underfoot. Ample storage is provided by built-in robes in all bedrooms, and plantation shutters offer both privacy and a touch of sophistication. Electric outdoor blinds extend your living space and create a seamless transition to the expansive entertaining area, complete with a sparkling pool and a glass rear fence for unobstructed views of the beautiful bush outlook. Great natural airflow keeps the home fresh, while an inviting outdoor fireplace offers warmth for cozy nights. Inside, a large living/dining area creates the perfect space for family gatherings, with two separate living rooms providing dedicated areas for relaxation and entertainment. Side access allows for easy access to the backyard, and the lowset design offers easy manoeuvrability for all ages. New ceiling fans keep you cool and comfortable and corridor lights ensure safety and convenience, making this exceptional property the perfect blend of modern luxury, functionality, and a connection to nature.
