A little cutie, in an ideal location with plenty of possibilities. Give it a name, paint the walls, make it your own and call it home. A weatherboard home set on a fully secure, flat block could do with some good vision, planning and elbow grease. Completely livable and full of possibilities you would be mad not to consider it. - Centrally positioned, updated kitchen with open plan dining and family. - 3 bedrooms. - Combined bathroom and laundry. - Loads of storage space. - Lock up shedding & car accommodation. - Established surrounds. Located within walking distance to everything. Don't think about it, just do it!
