This neat one bedroom unfurnished apartment is a stone's throw from all the Claremont action. If you love to shop, then Claremont Quarter is for you and you will even be able to easily walk the shopping home. If cooking is not your thing then a stroll down Bayview Terrace or St Quentin's Avenue will lead you to all the great cafes, restaurants and bars. There is a single car bay, but thanks to the train station and bus routes you can opt to leave it at home. Low maintenance living in a central location in this price bracket is not to be missed!
