The Craig Harper Teams says, "come and get it" The dream of living the acreage life is just about to come true. Set on 4996m² of land, this brick and colour bond home is set within minutes of just about everything - Primary and High schools, Child care centres, Shopping centres and an array of eateries and cafes. This location is ideal for those wanting to get away from it all, but still have all the conveniences close by. This humble and inviting home which has been freshly painted throughout, is nestled amongst shady trees, with loads of room for the kids to play, grow your own vegies, put in a pool, the possibilities are endless. There's even a reserve at the back of the property where you can see mobs of kangaroos and other wild life gather together. With high ceilings and a cosy fireplace, open plan living, air-conditioned lounge room, and 3 generous sized bedrooms all with built-in robes, ceiling fans and air conditioners, you will feel right at home. The massive outdoor entertainment area is just the spot to entertain family and friends or just relax in the coming summer months. This home includes a 4-bay carport, that could shelter 4 small cars or 2 cars with trailers. All this and more has the making of the perfect acreage starter property. Call today and get this one on your list of inspections, you'll be glad you did.
