Nazih Abbouchi proudly presents...From the outset this looks like a beautiful family home: a white picket fence, neat landscaping, a symmetrical facade suggesting balance and measure. But it is inside - with its elegant, low-maintenance design - that this property demonstrates its family-friendly credentials. Living, dining, and entertaining unfold across a single, open-concept space before flowing out through east-facing doors onto a wonderfully low-maintenance outdoor entertaining setting. Intersecting these spaces is a well-appointed kitchen with stainless-steel appliances and stone finishes. Accommodation comprises two bedrooms with BIR and a shared bathroom complete with floor-to-ceiling tiling, floating vanity, and standalone tub. Property features include timber flooring, security shutters, living room A/C, secure carport, and off-street parking. Around the corner from St. Thomas More Primary School, and tucked between West & East Street shops, this property grants easy-access to North Street shops, Glenroy station village, and key arterial roads taking you into neighbouring suburbs and beyond.
