\$235,000

This fantastic large block with gorgeous views is a very rare opportunity to purchase with everything completed and ready to start! Full council stamped plans are available with this sale of an utterly stunning four bedroom, two living, two bathroom, thirty one square home! The property is located on the Don hillside and is located well for couples who work in either direction. An engineered cut has been made on the block to give it an almost completely level base to build the home, shed and for the children or pets to have a flat yard to play on under a watchful eye from the home. A thirteen by nine-meter shed has also been approved for the block and is a good attribute to the larger block. For further information, to observe the plans or to book a private inspection please contact the listing agent Kurt Knowles today!
