With stunning ocean views, this is a highly enviable exquisite apartment, offering resort-style living in one of Perth's most iconic beachside suburbs. Positioned only metres from the beach, with an outlook that has to be seen, and let's not forget the fantastic café and bar strip at your doorstep. You will certainly be forgiven for feeling like you come home to a resort each day, because that's exactly what life is like at CeVue Apartments. The amazing amenities of a heated lap pool and central entertaining hub further enhance this feel. CeVue Apartments was built to an incredibly high standard and certainly sets itself as one of the premier buildings to live in, not only on our coast but the city as a whole. When you arrive at CeVue, you get an immediate sense of grandeur, with its incredible lobby and reception area. The multiple lift banks to different parts of the building also provide a true feeling of exclusive, luxury living - the lift to this apartment opens to a private lobby for only two apartments. Stepping inside, you will immediately feel the top-end quality you would expect, with a wonderful beachside coastal vibe. Carpet flows throughout the living and bedrooms, with feature tiles in the kitchen. Floor-to-ceiling windows and doors allow you to take in the stunning vista. The kitchen has striking white cabinets, stone bench tops, quality appliances, and plenty of storage. The master suite is deluxe, with a luxurious ensuite featuring a bath, separate shower, twin vanities, and a large window to allow the continued enjoyment of views, whilst a walk-in robe completes this room. Bedrooms 2 & 3 are excellent in size, both with built-in robes. There is also an open study area off the kitchen. The bathroom, laundry, and powder room are all completed to equal quality. Outside is a large balcony that allows you to entertain in style while enjoying the panoramic views to Rottnest and along the coast to Fremantle. You also have two dedicated car bays along with a spacious storeroom, all secured underneath the building and only a few metres from your dedicated lift. There is a raft of extra stand out features that you will find when exploring this gorgeous apartment.
