This cozy 1-bedroom house is perfect for a single person, a couple, or a traveller looking for a comfortable home base. The bedroom is spacious and features a small vanity and built-in storage. The lounge and dining area are combined and offer plenty of room to relax and entertain. The kitchen is compact and tidy. The toilet and laundry are combined, and there is a separate shower. The house is air-conditioned/fans throughout. There is a 5kw solar power system with 14 solar panels. The large carport is high enough to accommodate a relatively high vehicle and there is an additional carport in front of a large storage shed with a lockable roller door, all under one roof. The property is fenced at the front, and the boundaries are marked. There is a wind turbine near the back boundary to which a caravan or motorhome can be hooked up. An underground grey water tank and a pump for this is included. The property comes with a fridge, washing machine, ride-on mower, whipper snipper, and a roll of poly pipe for irrigation. For more information or to arrange a viewing please call the friendly staff at Jensen's Real Estate & Livestock on 07 4787 1144
