A short three minute walk to the grocery and secondary school and only two minutes more to the rest of the shops, primary school, post office, doctor's surgeries and much more, this home is perfectly. The home has a spacious double sized lounge with a large split system air-con in it. The kitchen has a large dining area at the opposite end. The kitchen has just been renovated. The two bedrooms are both quite spacious, with enough space for king beds and wardrobes. The main bedroom has another split system air con in it. Out front there is a deck that has an outlook to the mine and in the back there is a surprisingly spacious yard, with a rain water tank and as a real treat, the property has it's own bore! Under the home is heaps of storage space or potential workshop areas. The laundry is to the rear and the the front left is access for small to mid-size car to be stored securely just under the deck space. Call today for your private inspection. 48004930
