What a fantastic family home that is here and waiting for your inspection, around 20 years young, this home has a great design, and a highlight is lovely natural light from all directions. Offering a spacious four-bedroom home with multiple living zones as well as a study/office zone, there is space galore. The home offers ducted heating and cooling throughout. Roof has been recently restored and repainted, new appliances and updated carpets. The large double garage was converted for an extra bedroom, but also a massive living room/studio/theatre room if you need another instead. There is a double carport at the front and in the backyard is an alfresco area ready for you to invite family and friends. The property is set on 1175 m² of residential land, with a spacious and fully fenced yard. Shed at rear for workshop and lots of area for you to landscape. So if keen and curious you need to arrange an inspection - it is so much better in person.
