Area: 811 m2

Type: House

John Elliman

\$480,000

This family residence is located in a prime East Sale location with the supermarket close by for convenience. The family friendly floor plan is perfect and offers 4 genuine bedrooms, an ensuite to the master bedroom, up to date modern kitchen, spacious bathroom, a casual dining area, formal lounge with a wood heater and that important separate rumpus room easily big enough for the snooker or table tennis table. The home is in great condition throughout and presents very well. Outside the big corner block has plenty of room to move and provides access for the boat or van. There is a double garage for the cars and the bonus of a carport right outside the front door. The family will love it!
