This lovely home was built in the 90's, and has been so meticulously maintained since then, that it is a real credit to the owners. Featuring 2 good sized bedrooms both with built in robes, one with farmland views, and one enjoying treetop views, as well as an open plan kitchen, dining and lounge area. The view side is mostly glass, with two sliding doors out onto the large deck/verandah, and the views are just stunning! In fact, you will be hard pressed to find better views on the market in Venus Bay at the moment. The rear deck also enjoys views over treetops. There is a separate laundry, and a separate toilet, and under house storage has you covered for maintenance gear and kayaks etc. There is also a single carport. Recent additions include a split system for heating and cooling, and steel balustrade to allow you to enjoy that view. Call or email us today to arrange your inspection.
