Period Grace with Family Space

Blending period charm with modern amenity, this solid brick Edwardian home has been tastefully renovated and extended to offer refined family living in a prestigious precinct.

Retaining extensive character, such as high ceilings, fireplaces, lead light and fretwork, the renovation celebrates the homes past while embracing the needs of a modern family.

Moving past the original rooms, family living is centred around the visually stunning open plan space that features a light-filled vaulted void and double-glazed picture windows.

Set in established landscaped gardens of some 530sqm (approx.) this leafy family haven is ideally located within easy walking distance of Bay Street shopping, numerous elite schools and the Brighton foreshore.
