A spacious feature packed home the Aspen Estate has an impressive wide frontage with great street appeal. Designed for larger sites this home is the ideal home for a growing family looking for more space. The Aspen Estate sculpts the needs of family life providing three distinct zones. The front of the home provides an oversized yet private master suite a central lounge room that is an ideal space to relax and unwind and a dedicated home office which has the option of a 5th bedroom conversion catering for larger family needs. The heart of the home demands attention from which the Aspen Estate delivers a large entertainer's kitchen and butler's pantry with a spacious open plan living area flowing outdoors to the adjacent alfresco making entertaining a breeze. The rear zone houses the remaining bedrooms a large laundry and family bathroom with plenty of storage space throughout the home. Providing practical solutions for every family's needs has never been so simple. Subject to site limitations the design can easily adapt to sloping sites making this design a versatile home. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Aspen design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use this design is best positioned on sites with the north aspect towards the side of the home providing sustainable and comfortable living conditions throughout the year.
