King Homes NSW

\$1,332,080

Two residences on one block? The Mosman Dual has everything you need and more. Our popular double storey, the Mosman, has been modified to add a second resident on the side of the home. This was one of the most requested modifications to this home design so we thought we would now offer it as a standard home design. This home design is a fantastic solution for multigenerational families, guests or as an additional rental income. We have ensured that both homes remain modern and offer flexibility to suit most land sizes. We offer complete design flexibility. Have something different in mind? We can modify the floorplan or work with our friendly team to customise the design to your specific requirements. Visit our Homeworld Leppington Displays to learn more!
