<https://www.lloydsol.com.au/AuctionDetails.aspx?aid=50281> Russell Island is surrounded by the natural beauty of Moreton Bay, known for its picturesque waterways, mangroves, and wildlife. The island itself is lush with vegetation and has a relaxed, island atmosphere. Compared to mainland Brisbane and other nearby islands, Russell Island offers more affordable housing options. This makes it attractive to retirees, first-time homebuyers, and those seeking a quieter lifestyle away from the city. The island provides opportunities for fishing, boating, kayaking, and other water-based activities. There are also parks, walking trails, and scenic spots for outdoor enthusiasts to enjoy. Despite its tranquil setting, Russell Island is relatively close to Brisbane, the capital city of Queensland. It's accessible by ferry, making it convenient for residents who need to travel to the city for work or other activities. As property prices on the mainland continue to rise, Russell Island presents an opportunity for property investment or for those looking to build their dream home in an idyllic island setting. Overall, Russell Island appeals to those who appreciate nature, community, affordability, and a slower pace of life, while still offering the convenience of being close to a major city.
