Mesmerising from the outset, this picture-perfect 4 bedroom, 2 bathroom weatherboard residence displays an elegant blend of period character and contemporary refinement. Reminiscent of a bygone era, beautiful timber floors, stunning leadlight windows and decorative ceiling roses add character to traditional lounge and dining rooms, before transitioning to light-filled modern spaces. The gourmet kitchen is appointed with stone benches and stainless steel appliances and overlooks a casual meals area and separate family room, both unfolding seamlessly through 2 sets of bi-fold doors to an entertaining alfresco. Present day comfort is heightened by ducted heating, refrigerated AC, shed and carport. Enjoy the best of both classic and contemporary a pleasant walk to Sacred Heart, Hughesdale Primary, Oakleigh Grammar, Zone 1 train station and thriving Eaton Mall. We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
