\$900,000

This stand out home brings dimensions and details together to create a property that catches the light, sees the sights and offers an enviable Trevallyn lifestyle close to the village hub. The ground level proportions of a bedroom with its own ensuite bathroom offer teenager's retreat appeal or Airbnb possibilities to a design featuring superb upstairs areas for living, dining and unforgettable entertaining accompanied by full-width terrace that incorporates a sun-room zone where indoor vibrancy and outdoor views form a captivating combination. A contemporary kitchen equipped with soft closing cabinetry, intelligent integrated storage, pull out pantry drawers, an AEG oven and Belling convection/microwave/steam oven reflects the character and the calibre of a home where three further bedrooms and two bathrooms include a main bedroom suite that's greeted by bright morning light. Work from home is offered by a fitted study/office while a refined lounge overlooking the private rear garden further enhances spaces that feature effective thermal qualities, efficient solar panels, a separate laundry and powder room. The garden's leafiness allows for pleasing privacy on an elevated corner site that sees the Tamar and far beyond, ensuring sublime outlooks accompany an address featuring a secure double garage, work-shop space, storage capacity and second driveway access to additional off-street parking.
