The main bedroom with ensuite is separated from the other bedrooms, and has double french doors opening up to the rear deck, overlooking the sparkling large pool. Ideal to drink your morning cup of coffee or tea! The 3 other bedrooms upstairs are separated from the living space of the house past the entry and hallway. An additional 2 rooms that could be used as bedrooms or study, have been added downstairs and are yet to be completed internally. The kitchen is fitted out with dual ovens, dishwasher, stainless steel splashbacks and stylish rangehood. There is ample space underneath the house, either to park cars, boats, bikes or to utilise as additional undercover entertaining area. The lush green gardens add to the resort style feel of the place, surrounding the pool and pool precinct with ample space for outdoor seating.
