Renovator's delight or developer's dream (STCA), this classic sixties' home is a winner either way with its generous land size (approx 605sqm), exceptional potential and close proximity to everything that counts. Inside, the home's very original interior currently comprises three bedrooms (large master) with BIRs, central bathroom and separate WC. Add to this a sizeable lounge/dining room leading through to the kitchen/meals area. Step outside to discover the main attraction - a big backyard with in-ground pool and tandem double lock-up garage accessed via the gated side drive. Moments from Centreway shops and popular eateries, it's also close to local buses, Steele Creek trails, acres of parkland and a range of schools both primary and secondary (including PEGS), as well as easy access to the Calder Freeway.
