"I designed this home with my own family in mind, envisioning the perfect space for us to create cherished memories. We enjoyed every moment spent in this house, from the cosy evenings in the cinema room, with the irresistible aroma of popcorn filling the air, to the nights enjoying the air and views from the balcony. It's bittersweet to part ways with this home, but I hope the new owners will find as much happiness and warmth here as we did." - Owner- Brand new double brick duplex with luxury finishes and stunning district views- Four bedrooms, all with built-ins, including a master suite with walk-in robe, ensuite with double shower, and private covered balcony- Three bathrooms, including a main bathroom with separate bath, floor-to-ceiling tiles, kit-kat tile feature wall, and gold tapware- Open plan living and dining areas plus additional living space for versatile usage- Spacious kitchen with state-of-the-art appliances, six-hob gas stovetop, stone benchtops, island bench with seating, and ample storage- Rare double lockup garage basement leading to a cinema room for the ultimate entertainment experience- Enjoy comfort with heated flooring throughout, timber chevron floorboards, and plush carpet in the bedrooms- Stay secure with a home security system and enjoy the convenience of air conditioning- Easy flow to an outdoor entertaining area with an alfresco space, built-in BBQ, fridge, and a low maintenance grass area- Enjoy the in-ground heated pool or relax in the pool house with a built-in stovetop, and sink- Conveniently located near bus stops, Greenacre Public School, Greenacre shops, Bankstown Central Mall, parks, reserves, and all other amenities, offering a lifestyle of convenience and luxury
