A rare opportunity to purchase a vacant quarter acre block only approx 100m walk to the beautiful sandy beach of Horseshoe Bay. Stroll across the road to the little pedestrian bridge across to the beachfront and you'll be right there at the Foodworks corner store amongst a fantastic selection of cafes and restaurants, with the sandy beach and patrolled swimming area right in front of you. This really is the ideal location for a holiday home or home with more peace and privacy than being on the beachfront. With dual access and approx 20m frontage both front and back to quiet no-through roads and approx 50m depth, there's plenty of scope to build your preferred style of house. Note: Boundaries on pictures are approximate and a surveyor should be employed to determine accurate boundaries. Call Alex today for further information on this unique opportunity. Property Code: 1436
