This is the ideal first step into the Bega property market. Located close to the center of town and all the conveniences that provides this would suit an investor or first home buyer. With two main bedrooms plus a front and rear sun room this home could be configured to suit a number of different requirements. Both the kitchen and lounge room are a good size and offer separate areas to relax and unwind in. The single garage is a great inclusion and offers excellent storage and workshop opportunities. This property is currently leased at \$360 per week until June 2024; and would equally suit an investor looking for good long term tenants or an owner occupier who is able to have a slightly delayed settlement.
