Lovely height on 10,000 sq. m. This is a beautiful home; with renovations that have been painstakingly done with great results. A large lounge with reverse cycle air-con, a completely new modern kitchen, and cupboards. A master bedroom with aircon, robe, and ensuite. A large laundry room is upstairs. With a large sleepout, that is great as a game room or computer room. There are many sheds on the property, a double garage with sliding glass doors that could be converted into a pool room or a self-contained granny flat. The breezeway at the rear of the house has roller doors at either end. A tractor shed, many garden sheds. 5000-liter rain water tank with pump. The rest of the block is well-fenced and could be suitable for horses, a couple of cows, or alpacas, or agriculture. Under the house is double lock up car parking and plenty of storage, with concrete floor. Also, this house is in the catchment of Bundamba State School and Bundamba State Secondary College.
