This brick and tile home has been extensively renovated and is located within walking distance to town, swimming pool and other community amenities. There are 3 bedrooms, 1 bathroom and 2 toilets with an outside laundry that is covered by an expansive patio roof. The patio is semi enclosed with a brick paved floor. This property also has 2 9x6 sheds (room for all your toys and hobbies). Don't DELAY, repayments on this property I would expect are cheaper than rent, which appears to be rising all over the state. Call Harcourts Dongara now to view this property, at this price it won't last long.
