Looking to get away from city living and enjoy the serenity then this is the property for you and is only 3.6kms from the Nanango CBD. Inside the Hardiplank home you will find 3 carpeted bedrooms 2 of those with built-ins and ceiling fans. In the spacious living room is a wood heater with outside access for timber. A Late 1980's kitchen is connected to the dining with air-conditioning in the hall way. Bathroom comes with a large shower which is easy to access and is separate from the toilet and laundry. The back door leads out of the laundry to the enclosed entertainment area great for parties or gatherings. Heading on outside there are 2 separate paddocks and a fenced house yard which has well established gardens and space to add more. There is a 12 x 6 shed with power and a dual carport, plenty of space for storage. You can also find a dam and 3 Water tanks that total 15,000 gallons which support the property.
