Next-Level Luxury that's Positioned to Perfection With its impressive architecture, floorplan flexibility and first-class features throughout, this spectacular new home sets the benchmark in brand-new family living - all enviably situated in one of Keilor East's premier pockets. Absolute best of the best, the home's sumptuous interior showcases a large upstairs master bedroom with custom-made bedhead, fully-fitted WIR and deluxe double-vanity ensuite with freestanding tub, as well as three additional bedrooms (one downstairs) each with its own private ensuite and guest powder room (fifth WC). Further underscoring its impressive family credentials is the inclusion of a front study with custom workstation, spacious lounge/rumpus (upstairs) and expansive open-plan living/dining area with gas-log fireplace complemented by a gourmet Bosch-equipped kitchen including butler's pantry with second sink. High square-set ceilings and an abundance of natural light throughout, this extraordinary home also includes Daikin zoned ducted heating/refrigerated cooling, comprehensive security system, premium carpets, hardwood parquet floors, porcelain tiles and stone benchtops throughout, as well as a large laundry (butler sink, drying rack and chute from upstairs), excellent storage options and frameless showers to all four bathrooms. Completing the picture is a private back garden (double sliding doors from the living area) with bluestone-paved entertaining area, remote-control garage with epoxy flooring and bluestone-paved driveway for additional off-street parking. Moments from Centreway shops and popular eateries, it's also close to local buses, Steele Creek trails, acres of parkland and a range of schools both primary and secondary (including PEGS), as well as easy access to the Calder Freeway.
