Privately located just 6km west from Tenterfield is this beautiful home on 1.93 hectares that will impress you from the minute you cross the ramp with WOW factor at every turn. The 2006 Appalachian log cabin home has had renovations and extras added from 2009, includes an off grid standalone 3.5kw solar system with 24 new gel batteries recently installed, backed up by an 8kva generator, making the property truly independent. Comprising 3 good sized bedrooms, Cypress pine cathedral ceilings with large windows, gas kitchen with granite bench tops, Tasmanian Oak timber cabinetry and walk-in pantry, bathroom with claw foot bath, shower and separate toilet, laundry, open plan lounge/dining with wood heating, huge deck overlooking the magnificent gardens with endless bird life, outdoor kitchen with pizza oven and firepit or sit and read in the open pavilion with its elevated position taking in the whole property. Towards the rear of the property a powered 9m x16m colorbond shed offers excellent storage along with a 7m x 10m farm shed and workshop / garden shed in the house yard. 24,000 gallons of water storage plus a bore and dam / swimming hole with pump cover all your water needs and those of the gardens, fruit trees, lawns and fire protection. Photos and a property description only begin to give you an understanding of the quality of this property and the lifestyle it has to offer, book your personal inspection today to see its WOW factor!!
