Discover a classic 1970's solid-built brick & tile home that's conveniently located less than 150m from beautiful white sandy beaches and crystal-clear blue ocean. This property positioned on a large 809m² level site, providing ample space to extend or add a workshop and pool. Stay comfortable all year round with ducted air conditioning throughout the 149m² home. Inside, you'll find spacious living areas, including an open plan family/meals and kitchen with a view of the rear garden, as well as a separate large lounge and dining area or home office/study. The master bedroom includes an ensuite and walk-in robe, and there are two additional minor bedrooms, one complete with a built-in robe. The property offers drive-through access to the rear, a paved outdoor entertaining area, Colorbond patio, and a garden shed, and the easy-care gardens are serviced by a bore and reticulation system. Additional features include instant gas hot water system, double door linen cupboard, and window roller shutter at the front of the home.
