The views are amazing. Elevated, northerly views looking out to the peak of Mount Warning and the many sights over Lismore, St Carthages Cathedral, hospitals, shopping centres and sporting fields - these views are some of the best Lismore has to offer. The brand new home was built by well-known builder "Costello Homes" and is set on a large block (3,690m<sup>2</sup>). Tucked away at the end of a cul-de-sac, the property has great privacy and room to add the future pool or sheds. The spacious home has been designed over 2 levels and ideal for the large family wanting space or dual living opportunities. Upstairs includes a large open plan living which takes in the stunning views and flows outside to the covered timber deck. Raised ceilings and large windows, gives the home plenty of natural light throughout, while taking in the gorgeous views and cool breezes from many rooms on both levels. The stylish kitchen has stone benchtops, island bench, walk-in pantry plus commanding gas cooker with 900mm oven. 3 bedrooms upstairs are all generous in size with the main having walk-in robe plus ensuite. Downstairs includes the 4th bedroom, 3rd bathroom plus large games room or extra living area. Perfect for the teenager's retreat or dual living with its own separate entrance from outside. The property has been landscaped and provides plenty of room for the keen gardener, veggie gardens, fruit trees, while also having space to park a trailer/boat. Located close to golf club, university, primary & high schools, bowls club, shopping centre, St Vincent's Hospital and so much more, this home will appeal to many families. Call today!
