Time to build that dream home on a piece of land that is large enough for all the bells and whistles, whilst being sensationally located close to the centre of town, easy access to schooling, shopping and medical facilities. Measuring approximately 1022sqm in size and fully fenced, with water already connected and power readily available, it's a rare opportunity to secure a piece of dirt this large in this location, large enough for a big back yard, great sized shed, pool or just room for all of the toys. Priced to go and ready for that dream home. Call now for a private inspection.
