SOLD By Morrison Kleeman. Opposite the open spaces of Pinnacle Park and playground, delivering all the benefits of a huge rear yard without any of the downsides of maintenance, this impressive three-bedroom, two-bathroom home provides an oasis for relaxed family living. Cleverly configured to ensure plenty of space for the entire family, the main bedroom, with its walk-in robe and ensuite, sits adjacent to the lounge, making them an ideal parental combination to retreat to! With its generous array of storage options, preparation spaces, quality stainless steel appliances (900 mm oven and cooktop) and convenient breakfast bench, it provides the perfect workspace for the chef and the ideal anchor for the expansive open-plan living area. Finished with timber floors, it sweeps out through glass sliders to an elevated entertainer's deck. Covered and sitting a few steps above a backyard bordered by privacy plantings, it provides a sanctuary to savour outdoor enjoyment. Adding to the appeal are extras, including new carpet, a remote double garage with internal access, ducted heating, cooling, and vacuum, alarm, video intercom, and a location footsteps from the bus and within minutes of Laurimar Village. ***PHOTO ID REQUIRED AT OPEN FOR INSPECTIONS***
