Whether you're looking for a peaceful retreat or a place to pursue your passion for horses, this equine-friendly infrastructure, including all weather arena and round yards, ensures there's something for everyone. Situated within this sprawling landscape are not one, but two homes, offering a total of six bedrooms and three bathrooms, perfect for a large family or anyone seeking extra space to spread their wings. Step inside the main residence and be greeted by multiple living spaces, each designed to cater to your relaxation and entertainment needs. The expansive living area seamlessly connects to the kitchen, creating a warm and inviting atmosphere anchored by a crackling fireplace, perfect for cozy evenings with loved ones. On the right-hand side of the house awaits the primary bedroom, delighting with its walk-in robe and private ensuite, additional three bedrooms, family bathroom, study plus open plan kitchen and living space. Meanwhile, the left-hand side of the house offers a self-contained retreat, complete with two bedrooms, its own lounge, bathroom, and dining kitchen, ideal for accommodating guests or extended family members with ease. Outside, discover the beauty of country living with plenty of covered verandah spaces, offering ample room to unwind and soak in the breathtaking views while relishing the fresh air. A three-stand shearing shed with a touch of yesteryear and the original unrenovated old cottage which was undergoing a rebuild but now for you to finish, great little side money earner as its tucked away at the front of the property. Dog/Chicken breeding enclosures are on property as well and could be used for anything. In addition two x 20" containers for storage with carport/horse float storage.
