This is a very rare find and in a cracker of a location! If you're chasing some land to run a few animals that's offering plenty of privacy plus has the ultimate shouse, then this is one for you! 6.5 acres (approx) of selectively cleared land with good soils, plenty of privacy and lots of serenity! You will be in your glory as you set about growing your vegetables, planting the fruit trees and taking advantage of the seasonal run off at the rear making the perfect place to whack in the big dam! On top of all that you get enjoy some nice creature comforts that go along with this great buy. The massive 15m x 6m shed with full length 3m veranda has been set up with all the creature comforts you would expect in a master built home! There is nothing like sitting down on your front veranda under the fan on a hot sunny day, with a tinny in hand and just enjoying sucking in the country clean air as you listen to the wild birds singing. The shed itself has been decked out to the hilt. Large open plan space with lined walls, insulated roof and a huge A/C and fans throughout. Small kitchenette with electric stove, oven rangehood and sink. Tasteful and blends in with the décor throughout. To the back is a large storage area/mud room/laundry with bathroom and separate water closet. At the other end of the property is the two large bedrooms with fan and plenty of room for the bedroom furniture. The property has a septic system, mains power and water tank in place plus a second garden shed for storage. This is truly the perfect place to getaway from the hustle and bustle of suburbia and become a more relaxed country lifestyle acreage owner.
